

FOR IMMEDIATE RELEASE

Tensor Installs 28 New Press Units at One of Kuwait's Top Dailies

WOODRIDGE, ILLINOIS, USA — October 9, 2014 — Tensor International LLC, a U.S. manufacturer of single-width web offset press equipment, is pleased to announce the sale and current installation of a new press line to Al-Anbaa Newspaper in the Kuwait City-Shuwaikh Area of Kuwait.

Installation of the 28 new press units has begun and the press is expected to be fully commissioned this December. The press consists of Tensor T-1400 press units, an H-50 folder and 10 splicers. One of the 4-high towers is equipped with UV. The press will be driven by a DCOS shaftless drive system and is also nicely equipped with remote inking and brush dampening.

Mike Pavone, Tensor's Chief Operating Officer and VP of Sales said, "We are very pleased that Al-Anbaa Newspaper, a new client for us, chose Tensor as its press supplier. We have excellent local support for fast response, and our press equipment is well known in this region for its superior design and durability. We are looking forward to working further with Al-Anbaa as it expands its operations over the years."

Tensor press offering information can be found at www.ustensor.com. Also, visit Tensor's booth at this year's **WPE in Amsterdam, Stand 11.260**, to discover how Tensor can assist you with your single-width printing solution.

About Al-Anbaa Newspaper

Al-Anbaa, an Arabic language Kuwaiti daily newspaper founded in 1976, is ranked within the top three of circulation for newspapers in Kuwait. With a comprehensive innovation process underway, including building readers' trust, and editing, marketing and publicity strategies, Al-Anbaa enjoys a

highly regarded status within Kuwait and continues expanding its offerings and readership. The paper is owned and published by Bab Al-Kuwait Press Co.

About AH Tensor International LLC

Tensor International was created in early 2012 by combining the synergy and design innovation knowledge of key former employees of Tensor Group with DCOS, a premier innovator and major printing industry automation supplier. This combination of strengths makes Tensor International unique in the single-wide, single-round press market and allows the company to offer press packages that provide outstanding ROI and reliability throughout the expected life cycle of the press.

Tensor's semi-commercial, insert and newspaper press equipment is valued worldwide for incomparable durability, quality and user-friendliness. Tensor manufactures its single-width press equipment and related parts exclusively in the United States and retains a worldwide network of dealers to support its sales, service and marketing efforts.
